Childcare Classrooms Offered:

Infants & Toddlers (6 weeks to 2 years)

This program provides infants and toddlers with comfort, consistency and security by having them remain with the same caregiver for up to 2 years. We provide developmentally appropriate activities in our classroom to encourage physical, cognitive, social, emotional and verbal development.

Busy Bees (2 - 3 years)

Children in this classroom are introduced to new concepts and activities to prepare them for the early childhood classroom. Children can remain here until they are at least 3 years old and are developmentally ready to transition to the Early Childhood classrooms.

Early Childhood (3 - 5 years)

The Early Childhood class includes our preschool program and provides a climate for children to develop socially, emotionally and intellectually. We offer a consistent, challenging and creative center-based curriculum involving hands-on activities. The teachers create learning centers in their classrooms to encourage learning through play. Activities are created to help children meet goals and objectives from the Illinois Early Learning Standards to aid in preparing them for Kindergarten.

Preschool For All

Preschool For All is a state funded preschool program that provides a developmentally appropriate education for 3 to 5 year old children in our surrounding communities. Preschool For All is absolutely free for families who qualify. Classes run through the school year, Monday through Friday, 9:00 to 11:30 am.
